

SANTA MARTA BODEGAS

SANTA MARTA is a family winery since year 1998 produce, make and bottled its own wines with a constant: quality must be checked from the vines to the bottle.

Located at 600m high, with a climate of cold winters and warm/hot summers, the vineyards are on a integrated plan of production where the respect to the vine and grapes is the main objective in order to produce quality wines.

And in the next step, when raw materials come into the winery, all elaboration process is made with the maximum precision because Santa Marta has the right technology to do it.

So in the end is look for the precision in every process, to get the best quality as possible in the wines. And this is show for all the awards and review got for the winery.

All the wines belongs to D.O Valdeorras
