## OUR HISTORY

Our winery is located in the heart of the Ribeiro, by the banks of the river Miño, and is the result of several generations fully devoted to vine cultivation. Priorato de Razamonde was created thanks to the effort and dedication of a family that, throughout the years, found wine to be the best way for passing on their land's flavour.

What started as a family vineyard of less than a hectare became a renovated winery with a rustic heritage of 28 hectares. A renovated equipment featuring steel and oak

wood materials. They will be the only materials needed for making the magic of grape ferment.

We aim to produce a deep-rooted Ribeiro wine of a high quality awaking sensations in the most demanding palates and changing the area's perception.

Ours is a "Ribeiro" that stirs the most demanding palates and that leaves a mark in the memory of the ones who try it.
